Recipe View Notes:

- The Edit Button only shows up if the signed in user OWNS the recipe
 - Edit button redirects to recipe creation form. This form is auto populated with recipe data that was previously in it
- Heart in the top left is the like button
- Directions and ingredients are scrollable

Main/search bar notes:

- The search bar will first query our postgresql database upon user search.
- Our **Recipe API** will be simultaneously called upon a completed user search.
 - This will populated the remaining recipe cards on the page.
- Recipe of the Day will be restricted to user created recipes only.
 - Will do Select * from Recipes; and then pick a random recipe
- Log In button on header will be replaced with Profile if the user is logged in

Create/Edit Photo Note:

After your confirm the image it goes to the recipe view page
